How the Program Works

1. **Register** at fauquierlibrary.org/services/kids/ or at any Fauquier Public Library location, then **pick up a reading log** at your local library or download one at fauquierlibrary.org.
2. Color a square on the log for **every book you read**. Even rereading the same titles counts, so read and color away!
3. After you've read 100 books bring your log into the library to receive a reward and your next log.
4. When you reach 1,000 books you'll receive a certificate and special book bag. We'll also post your picture on our **Wall of Fame**.
5. If you prefer to use an online tool to track titles you may download the **1000 Books Before Kindergarten app** in the App Store (iPhone) or Google Play (Android).

Tips for How to Raise a Reader

Point to words or underline them with your finger as you read (occasionally is great!). This helps your child learn that what you are saying is related to the squiggly things on the page. Show your child that we read English from left to right and that words are separated by spaces.

Visit DaybyDayVa.org or ask at the library for more ideas of activities to promote early literacy skills.

Tools at the Library

Not sure where to start? Fauquier Public Library has an assortment of Recommended Reading Lists that can help you select the right book based on your child's age and interest. Check at the reference desk or ask your local library staff.
